

The Travel Abroad Plan is offered on a group basis only. This means that only an EIIA Participating Institution may enroll the individuals to be covered by the plan. Only students or instructors that are a U.S. citizen, a permanent resident in the U.S. or an international student in the U.S. may be enrolled in the Plan.

Coverage is provided only for educational activities outside of the United States that are sponsored by an EIIA Participating Institution.

The eligible Institution should provide the following information two weeks prior to departure:

Institution Name			Departure Date		Return Date	
Name	Student or Instructor	Social Security #	Date of Birth	Street Address	City & State	Telephone #

Once the enrollment information has been received by EIIA, we will provide the Team Leader (Instructor) with Travel Abroad Plan ID cards.
